

International Mother Language Day - Quiz for 7-10 year olds

The United Nations Convention on the Rights of the Child states that children have a **right** to speak their mother tongue. It is important that children are aware of this right so they can **advocate** for themselves and others around their **home language and culture**. This quiz introduces the idea of language as a right and pays homage to home languages.

Bonus activity - create a Kahoot that includes every language represented in your class.

New to Kahoot? It's really easy, and a fun, free, safe and engaging way to explore a topic and to assess student understanding.

You need a screen for the class to see, then you can complete as a whole class, or students can complete the quiz on their individual devices.
